

NATURA WOODTEK COLORS

DESCRIPTION:

NATURA WOODTEK is a special penetrating oil designed to treat and preserve the natural material structure of exposed wood. It serves as a water repellent shield for wood.

USE:

Used to penetrate open wood grain, seals and extend life of wood from early decay. It brightens and gives luster to natural wood.

COLOR:

Available in Brown, Mahogany, Yellow, Clear, Walnut, Dark Yellow, Black, White, Olive Green, Red, Avocado Green and Maple.
(Other colors available upon request)

DRYING TIME:

Approximately 1 hour

APPLICATION METHOD:

Brush

Wiping

No Thinning Necessary. Apply by brush or wipe with clean rag. Allow the oil to penetrate the wood grain for approximately 30 minutes. Wipe off any excess. Wipe on another coat when necessary. Allow to dry, then wipe with wet rag. Apply Natura Woodtek Topcoat Clear as finish coat.

COVERAGE:

20-25 sq. m. /4L depending on wood porosity

PACKAGING:

4L lithographed round can

SHELF LIFE:

2 years in unopened container

STORAGE & DISPOSAL:

Keep container tightly sealed. Do not store above 35 °C. Must not be disposed together with household garbage. Do not allow product to reach sewage system. Disposal must be according to government regulations.

The information in this data sheet is based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests neither do they imply any legally binding assurance of certain properties or suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any propriety rights and existing laws and legislation are observed.
